INTERNSHIP

Iconix Software Solutions

Web Developer Intern | April 2023 - June 2023 - Tirunelveli

- Utilized HTML, CSS, Bootstrap to enhance website performance.
- user interfaces were enhanced by integrating **favicons**, linking pages, and implementing cards and a carousel in various projects, including a **cake shop UI**.

PROJECTS

Cake Corner [cake-corner-olive.vercel.app]

- Developed a front-end web project to showcase a bakery's offerings, featuring a custom favicon, card layouts for **10+** cake varieties, and a dynamic image carousel showcasing **5** featured cakes
- Implemented clickable redirects to enhance navigation between pages, resulting in a **15%** improvement in overall user experience.
- Tech Stack:** HTML, CSS, Bootstrap

Drawing App [[DrawItNow.vercel.app](https://drawitnow.vercel.app)]

- Developed a drawing application allowing users to draw on a customizable canvas with different stroke colors and sizes, which increased user engagement by **30%**.
- Implemented support for both mouse and touch events, allowing for seamless interaction across devices, and integrated a custom favicon
- Tech Stack:** HTML5, CSS, JavaScript

New Year Wishes [birthday-prjt.vercel.app]

- Developed a festive webpage featuring **12 animated fireworks** and **10 interactive bubbles**, which enhanced visual appeal and improved user engagement by **30%**.
- Tech Stack:** HTML, CSS, JavaScript

To-Do List [to-do-list-eight-tan.vercel.app]

- Developed a simple To-Do List application allowing users to add, complete, and delete tasks, resulting in a **35%** increase in user productivity.
- Utilized modern **JavaScript (ES6)** for application logic and improving the interface responsiveness by **30%**.
- Tech Stack:** React.js, CSS, JavaScript

Country Data Hub [country-details-eta.vercel.app]

- Developed a React application that allows users to search for country details using the **REST Countries API**, displaying information such as flags, capitals, and populations, enhancing data accessibility by **40%**.
- Tech Stack:** React.js, CSS, JavaScript

Thozhil Clone Website [clone-phi-one.vercel.app]

- Developed a responsive web application featuring modern UI components like job cards and a swiper, while implementing seamless page routing with **React Router** for intuitive navigation, resulting in a **35%** increase in user engagement
- Tech Stack:** React.js, CSS, JavaScript

Entrance Fee Calculator [bill-payment-nine.vercel.app]

- Developed a React application that calculates park entrance fees for adults and children, providing real-time updates on total amount and remaining balance, resulting in a **40%** increase in user satisfaction.
- Tech Stack:** React.js, CSS, JavaScript
